

Buenos Aires April 2017

Alianz Canine Worldwide President

Mrs. María Eugenia Ribelles

As I have anticipated in my Facebook timeline last week, I renounced as a General Representative in Latin America and to all my titles or positions as part of Alianz telling to you: "I renounce, I do not want to be an accomplice".

I am not the author of that sentence, it was said by Director Mr Pierre Galant, Oxfam ex General Secretary, Belgium, when he renounced to his work at the World Bank in a Committee of initiatives for non Governmental Organisations the last century. He was reporting a scheme to subdue Latin Americans, a scheme which will cause poverty and starving. He had lots of friends in Latin America and he was not going to be a traitor to them. And neither I am

I thought that his sentence was very appropriate because of the incidents that happened in this region through lies, tricks, trying to cause constant confrontation and permanent interferences with and evil, unhealthy, unknown reason.

Perhaps it is your ego, the social media sickness, where people do the most crazy things because of a photograph, I do not know, but: "I renounce, I do not want to be an accomplice".

In fact, I renounce to Alianz Canine Worldwide – FCI – Federation Canine Internacional – AFCI, as it is recognized by governmental papers. I was a member of Alianz with only a condition: To not copy others and not plagiarize. The true FCI have began a trial against the Federation Canina Internacional (International Canine Federation) because they used their Brand FCI (was it you or somebody else with the same name?). I told you time ago: I do not want to be FCI, I am free and independent, that is why I say: "I renounce, I do not want to be an accomplice".

From a long while I have been criticizing you because your dictatorial, dark way of managing things, your discrimination against my Latin friends, calling them "silly ones". I have an audio that you sent me from Bolivia in which you did it with a friend, Mr Brayan. I am not going to let you do that, it is a serious offense. That is why I say: "I renounce, I do not want to be an accomplice".

I remember a conversation between us, you told me you were going to fire them out of Alianz and I answered No, it was preferable to sanction them. You did not like it, I mean trying to fix things between Latin American brothers. I still have that conversation via Skype. It is not a lie. That is why I say: "I renounce, I do not want to be an accomplice". As the holy prophet Mahoma said: "Tell the truth, no matter how sour it could be, even against yourself".

For a long while I have been watching and speaking and you get angry, as it happens to every one who do a suggestion about how you manage things and facts, I am not the only one, those who know you have learned this. Many people have suffered your anger, your bad humour, you ignore and despise with no reason. They are the ones who are going to understand me the best. I am not your slave to endure your lack of respect. That is why I say: "I renounce, I do not want to be an accomplice".

I am sure you are going to say lots of lies about me. We have heard that in the past. You like a victim and all the world against you. We gifted you with our confidence and a place in our projects. You have copied a lot from us and that is good, knowledge and ideas are given with love, take them, use them, I have lots more, but when you could not take any more from me, you are going to look for another person and that is not a brilliant future for you. Because I am not going to share any more projects with you I say: "I renounce I do not want to be an accomplice".

I have some recorded conversations from different persons in places in which you ask somebody to find a contact for Alianz in America. You have forgotten I am the Alianz General Representative in America. You know I would never dare to do something like you have done. Because of this untruthful manipulation I say: "I renounce, I do not want to be an accomplice".

You do not respect people, you have manipulated them in different countries, the list is long enough, I am not going to bother you with it. You always do the same: to confront, to divide, to seed hate. I remember the way you betrayed dear Avram, such a valuable member of Alianz, you used to call him "Brother" well, the same you have done with me, I ask for Avram's forgiveness because I did nothing to avoid him to be betrayed, that is why I say: "I renounce, I do not want to be an accomplice".

As wise Confucio used to say: "When hate grows, think on the consequences". You search, speak, copycatting everybody insisting on your "own marketing", to make others think you are a close person, to seed your intrigues. You have advertised you about this time ago. Did you remember when you came back from a meeting in Riga and I told you the ONU's motto? "Diversity is richness, not a threat". I see you never, ever, have understood it, you have several fake faces, what a shame. That is why I say: "I renounce, I do not want to be an accomplice".

You and lots of people know me, I have nothing hidden, nothing to be ashamed about, I am transparent till the point to be boring. When I travel I go from the hotel to the shows or seminars, giving my fee away to the organizers. But I know you are going to invent lies, lots of them. It does not matter, I forgive you, but anyway I say: “ I renounce, I do not want to be an accomplice”.

Another very important subject is about judges, I am one of the only two who conform the International Committee (you designated me during a meeting at Plovdiv, Bulgaria, when Avram was yet with us) I have repeated you many times that I do not lend any support to the judges you are commissioning. A judge is a PERSON OF THE MAIN IMPORTANCE IN THE BREEDING SCHEDULE. He must have a deep knowledgement about conformation and funtionality and about health issues related to them. But you are commissioning canine hairdressers as judges without the required knowledgement and schooling. Did you remember the test I made to be passed to be a judge? You did nothing with it. You are commissioning persons as judges to obtain their sympathy, not to improve the dog breeding around the world. Everybody have noticed this fact. I am not going to let you this lack of respect to breeders, harming the canine breeding worldwide. I did not endorsed this kind of commissionings you have done rising your finger . I was against it. That is why I say : “ I renounce, I do not want to be an accomplice”.

**Alianz Canine Worldwide      Actualidad**

I want to remark another important subject, your qualification courses, those you sell all over the world. ICUAM informs that they are not recognized by them (nor ACAM, nor Alianz). They say you must search for recognized certifications here [http.....](http://www.icuam.com), your courses are not there either. Everything you try to do seems very dark and complicated. Spanish state continues saying no to you. That is why I louder say: “ I renounce, I do not want to be an accomplice”.

Did you remember when I told you not to take logos from others and you continued doing it?

You use them, like Alianz Peru or FCU between others which do not exist. You have used lots of logos in my region and they are fake. You must take them away. Why do you lie? In your courses page you do the same using universities logos saying you have an agreement with them. Mendoza`s University was asked about it and they answered you have any agreement with

them.. Here, we call it "to cheat people". I always told you it was preferable to be real few ones than many fakes. You have created your own fantasy world. That is why I say : " I renounce, I do not want to be an accomplice".

Keep for yourself Alianz Canine International – FCI – Federation Canine International AFIC, keep for yourself your intrigues and chicaneries, everything is too dark, strange, a fantasy. I live a honest reality . We have reached to this point because you have paid my honest help with lies and thousand of different false faces.

I require you to take away any image or name related to me from your web sites. The Asociacion civil sin fines de lucro, Argentinian Kennel Club (KCA) as it is pointed in its statue is going to decide, in the next meeting, if it continues or not being part of Alianz Canine Worldwide – FCI\_ Federation Canine International – AFIC.

Because all the points I have remarked, and more facts I prefer to keep for myself, I say " I renounce, I do not want to be an accomplice".

Yours truly,

Miguel Angel Nodar

KCA Argentinian Kennel Club President,
